STEWARDS MINISTRIES SCHOLARSHIP APPLICATION

COMMENDED WORKER

SCHOLARSHIP INFORMATION

Stewards Ministries has a scholarship plan for full-time workers commended from Plymouth Brethren (Christian Brethren) assemblies in the United States and Canada. A letter expressing approval of the commending assembly or of the assembly where the worker currently serves must accompany this scholarship application. Since the purpose of the scholarship program is to aid commended workers and their assemblies in meeting educational financial needs, the application will request financial data on the total cost of the program and the extent to which the worker and assembly will contribute to the educational costs. Repeat applications will be considered for attendance at seminars and conferences. Part-time programs that may lead to a Masters or Doctorate degree will be considered for a one-time gift. All funds distributed are considered as gifts to further the work of the Lord.
